OAHU LEAGUE MANAGERS THROW JUNIORS DOWN ON EVE OF SERIES

President Opposes Playing of Juniors in First Game—Perhaps Giving Fans Too Much for Their Money Would Be One Reason—Too Much Speed for Juniors Another One—Juniors Will Meet Any Proposition for, Betty Ball in Hawaii

Some time ago a Junior League was formed to develop young players in Honolulu. A number of the old boys had been slipping, and the fans stayed away from the games on account of this fact. Something was needed to awaken the interest in baseball.

The Junior League was formed, and seven teams as evenly matched as could be found were lined up for play. Altogether, the situation looked promising, and the fans of the city who were interested in the establishment of better baseball welcomed the move.

At that time the Oahu League managers made a statement that they would do all within their power to assist in boosting the younger players. The Junior League officials took them at their word, and Athletic Park was secured for two games on Saturday afternoon. The Junior games drew well, and then the Oahu League management proposed that the Juniors play to open the games. The Junior attendance was needed on those slim days when the fans did not come out to the park. In return, the Oahu League management agreed to give the Junior League \$5 for Saturday's game and \$10 for Sunday's performance.

Inasmuch as the Juniors drew more money, and had a following, this sum was not a gift by any means. The league started off with a 15-inning game, followed by a 12-inning game, and every contest was well seen. Close finishes were the result. The players were out there trying all the time and the fans warmed up to it. The Juniors were not looking at the stand and figuring out how much their receipts would be while they should have been fielding a ball.

Fans Know This. All this the fans have realized, and, furthermore, the players have showed more pep, as the games have been shorter than the Oahu League contests. Perhaps an idea of the last two games, taken as an example, might be mentioned. On last Saturday the St. Louis Seniors took two of the Juniors on their team against the Honolulu. One was used as a pitcher, the other as a first baseman. These two players were the stars. Baptiste held the Honolulu to four hits, while Fernandez at first did not make an error and gathered two hits. These figures are down in black and white.

In case this incident might not answer, take the two games on Sunday. The Juniors were scheduled in the first game. As an example of the crowd that came out to see the game, it might be mentioned that 90 per cent of the crowd was there before the second inning of the first game.

Take Your Choice. The Juniors played seven innings without a run, and the game was won in the eighth when a home run was chalked up by the Philadelphians. The teams made four errors. In the second game the Oahu League teams made 13 errors. This is one of the examples of the play. The entire series may be taken as examples that the Juniors are coming strong and should receive every encouragement by the older players.

When the series would start, the Oahu League managers assured the Juniors that they would be given the right to play during the Santa Clara series. The Juniors expected it. Three days before the opening of the series, Frank Richardson, president of the Oahu League, who has made the statement that he is in favor of boosting the younger players, made a statement that he did not want the Junior League teams to play. Kim Luke, manager of the Chinese team, agreed with the president, and M. Josh Paresa finally agreed to side with the president.

Favored Juniors. Henry Frietas, manager of St. Louis, Ben Hollinger, the league manager, and Lieut. Wyman of the 25th Infantry stood out for the Juniors. They asserted that the boys be given a fair deal, but as the president had the deciding vote, the Juniors were thrown down three days before the series.

As a counter proposition, the Juniors agreed to play seven innings before the Santa Clara game, and donate the money to the Oahu League that had been paid before. The Oahu League has not yet answered the proposition of a seven-inning game. President Sam Nott of the Junior League, the managers, and fans are awaiting the report of the men who are so deeply

interested in baseball. The proposition of delaying the Santa Clara game is a joke, as Manager Joe Sneers only wants a half hour's practice on the diamond. The president and two of the managers of the Oahu League are taking this opportunity to turn the Juniors down, as they expect a good crowd during the Santa Clara series without the Juniors. At a meeting last evening the Juniors proposed to do all in their power to boost for the present series and show the fans just who is really interested in baseball, without the dollar-mark sticking out all over the interest.

ENTRIES CLOSE FOR MAUI RACE MEET SATURDAY

Horsemen Figure on Big Time at Race Meeting at Kahului; Cowboy Sports Featured

(Special Star-Bulletin Correspondence) WAILUKU, Maui, June 23.—Time for receiving entries for the big Fourth of July races at Kahului has been extended to June 24. This same date has also been fixed as the time for closing entries for the cowboy sports.

It was first intended to close the race entries on the 13th, but the prospect of getting a number of additional entries from the coast caused the time to be extended. McPhee and Lacey are enthusiastic over the outlook for Maui's big day. Practically all of the horses that made any showing at all at the Kapiolani track will be entered they say, and besides two and possibly three speedy steppers are expected to arrive from the coast between now and the Fourth to enter the trotting-pacing event against Denervo. A number of Honolulu horsemen, it is claimed, have this project on foot.

25th Infantry Band Coming. Arrangements have been made for the 25th Infantry (colored) band to be present, and besides playing for the races the band is to play for a big dance to be given at the Armory or the Kapiolani Lyceum.

Angus McPhee is naturally well satisfied with the showing his horses made in the Honolulu races, and particularly over Denervo. Dan Carey, who piloted the big bay, is also feeling some swelled up over results, though as some of the trackmen declared, he did it so easily that he whittled a stick during the final heat.

Cowboy Sports to be Great. Last New Year's inauguration of cowboy sports as a feature in connection with a race meet on the Kapiolani track, has stimulated a lot of lively anticipation among the riders of the island, and there will be something fancy doing on the Fourth, judging from all the practicing that is said to be going on on the quiet back on the ranches. There will also be some very classy bucking horses this time, as well as some wild cattle of a type that will test the skill of the most expert puncher.

Many Horses in Training. Most of the horses which raced in Honolulu are already in training for the Kahului meet. Col. Harry Baldwin's string arrived on the Claudine, and will at once begin shaping up for the contest. Denervo and the rest of McPhee and Lacey's horses came back last Tuesday.

'TIS TO LAFF

Art Smith may race Jimmy Kirkland at the Kapiolani park race track. It is also rumored that George Bernard Shaw, William Jennings Bryan and Vernon Castle will enter their tricycles against Kirkland. Whether these three notables appear here or not Kirkland intends to pull off a race meet at Kapiolani park.

Art Smith, the American aviator, who had his thigh bone broken in a flight at Sapporo, Japan, will not be able to fly for six months, according to the report from the hospital, received by the Nippon Jiji. In case Smith comes here within a few weeks Kirkland should be the favorite in a walking race.

Some of the Oahu League players are opposing the Junior League for various reasons. The Junior League has been announced.

Will Try to Lower Colors of Local Teams

LAI HIP MAKES GOOD RECORD IN SCHOOL SPORTS

Hilo Boy Whole Track Team at Granville, Ohio; Makes Century in Even Time

(Special Star-Bulletin Correspondence) HILO, Hawaii, June 23.—Over on the mainland—running tracks and baseball fields, a son of Hawaii is doing great work. Lai Hipp, the well known Hilo youngster, who is a student at St. Mary's College of Dayton, Ohio, is proving himself to be a star athlete and a true son of the sun-kissed semi-tropics. All the old bunk about the warmer latitudes taking all the pep out of a man is being rapidly thrown into the discard, as men and boys from these semi-tropical isles go to the mainland and simply romp over the sons of a colder climate.

Lai Hipp is only seventeen years of age, but he is starting out in a manner that would augur well that, within a few years, he will attain his full powers as an athlete. The lad is now cutting out the hundred yards in even time, and that means the full distance in ten seconds. This, in the language of the sporting editor, is "going some," and proves that Lai Hipp is a cinder track burner.

Whole Track Team. Recently, at Granville, Ohio, this Hilo boy was one of the St. Mary's College track team and although his bunch lost by 46 to 71 points, the lad from Hawaii net up some figures that will stand for years. Lai Hipp took three first places and one second and his total points came to 13, which is still "going some," to put the sports of the town some more.

The Hilo athlete won the hundred, the two-hundred and the high jump. He ran second in the 120 yards hurdles. His time for the hundred was ten seconds flat, and he also carried out the eighth of a mile in the speedy time of 23 3-5. In the high jump the Hilo man cleared 5 ft. 4 in. and took first place.

On the baseball diamond Lai Hipp has also been doing good work for his Alma Mater. He plays center and, in a recent game, which was won by St. Mary's College from the Antioch nine by a score of 10 to 6, the Hilo star led off in the batting list and scored a run first time up to bat. Lai got a pass to first, did the burglar stunt for second and got away with it and then came home on a peach of a two-bagger which was laid out by his old pal Cabbler.

are slipping. Two Junior League stars played in an Oahu League game, and showed the bunch up.

Manager M. Josh Paresa is opposed to the Juniors playing during the Santa Clara series. M. Josh perhaps remembered that one of the Junior pitchers of the St. Louis team jumped out Saturday afternoon and held the Lulus to four hits. That is one of the reasons why the Juniors are not encouraged.

The Oahu League managers who opposed the Junior League are working for the interest of BASEBALL. The third letter in the word has a hard sound like in dough.

***** This is the night school yell of the aggregation of collectors who favored shutting out the Juniors in the coming series with Santa Clara.

The fans wanted the Santa Claras to open the season with the Honolulu. "Ben Hollinger. This is the reason why the managers of the Oahu League arranged to change the date of the 25th Infantry.

Shooting has become so popular that clubs have large memberships.

Company D	5	1	.833
Company H	4	1	.800
Company A	4	2	.667
Company I	3	2	.600
Company C	3	2	.600
Company K	3	4	.500
Company M	3	3	.500
Company E	2	2	.500
Company L	2	4	.333
Signal Corps	0	2	.000
Company B	0	6	.000
Company G	0	6	.000

(Special Star-Bulletin Correspondence) FORT SHAFTER, June 22.—In one of the poorest exhibitions of the national pastime ever pulled off on a Shafter ball ground, G Company landed in the cellar with a thumping. E Company emerging a victor over them by a score of 14 to 8. In the first two innings it somewhat resembled the good old game; thereafter, each team vied with the other in making boots and bobbles. E Company, at the termination of the game, coming out the victor with 11 healthy boots to their credit, while G Company registered only 10. But three players on the E Company side escaped the error column, mainly because chances were not put their way, while an equal number in the G squad escaped for the same reason. McDonald, while guilty of one boggle, played his usual star fielding game, while Johnson, his teammate, started with the willow, knocking out a homer to deep right in the last of the seventh. Collier, for E Company, was the star horsehide cluster of the day, getting four singles in five times up.

The only other feature of note during the game was a freak double play pulled off in the second session in this manner. Lally, first up for E Company, sent a peachier to right center; Duffy, next up, in attempting to get out of the way of one of Brown's benders, inadvertently permitted his bat to connect with the shoot, the ball going weakly to pitcher, who executed the double play, second to first.

This game ended the series for the week. G Company having finished its schedule while E and H Companies have finished the games allotted them. F Company, being on guard, has been kept out of the series during the present week, but will be seen in action commencing Monday, and some good ball can be looked for, this company having two games with E and one with H Company yet to play.

MCKINLEY SHOULD HAVE STRONG LINE FOR NEXT YEAR'S FOOTBALL TEAM

Prospects are unusually bright for a strong football team at McKinley high school in the fall, if all of the material that will be on hand will turn out for practice. There will be a wealth of material on hand, and a good line should be secured at the beginning of the year.

McKinley will lose George Hawkins, Fred Carter, Sam Carter and Harry Melim. This will make a big hole in the backfield, and two ends will have to be developed as Andrade and Carter, the fastest ends of last year, will not return. Sam Carter, who made the all-star team last year, is lost and three men will have to be secured back of the line to take the place of Hawkins, Carter and Melim.

Clifford Melim will be back and should be a star again. Henry Bent

SANTA CLARA IN TILT WITH LULU TEAM TOMORROW

Opening Game Will Be Played at Athletic Park; Roy Bliss Pitches for Missionites

Santa Clara boys have been working out at Athletic Park, getting ready for the opening game with the Honolulu. The squad looks good, and for all-round work should rank well up with better teams on the mainland. In Bliss, Brown, and Leonard the Missionaries will have three good pitchers to send against the Lulus on Saturday.

Manager Aurr—oh, what's the use? Joe Sneers, who heads the Santa Claras, announced today that Bliss would work on Saturday. Bliss is a southpaw, and a good one. He is rated as one of the leading crooked-arm pitchers in amateur ball. He has received an offer from McCredie and Blankenship.

Santa Clara Looks Good. Hall will be behind the plate, and this boy looks good in the preliminary workouts, having a good peg and getting the ball away in good shape. In the infield practice the players have been working out a little faster, and their play has been speeding up. The outfield contingent looks like a good collection of ball players. Santa Clara has never turned out a poor bunch of players yet, and this team is no exception. The Santa Clara team should be a big favorite over the Honolulu.

The Santa Claras want a crack at the 25th Infantry. It might be well for them to play a little more, as, according to the fans, they will need all the strength possible to land a game from the Schofield Giants. Rogan was in the city this week, and he stated that he would be ready for the aggregation from the Mission town.

Missionaries Favorites. Santa Clara will be the favorites over the Honolulu, Chinese, and St. Louis, but when it comes to the 25th Infantry, then the fans will pick a little different. The wrecking crew will be ready when the song sounds. Santa Clara will have a better pitching staff to send against the local teams than the Olympics had, while the infield, with Bensberg, Gay, Preciado, and Maher, looks mighty good in practice. If they can hit they will have a chance against the 25th Infantry. They should win from the Honolulu in a walk; otherwise, the chances are slim for a sweep of the series.

Mayor Lane will walk out on to the diamond tomorrow and have the first ball, while the Hawaiian Band will play a number of cheering tunes for the fans. It is expected that there will be a large crowd out tomorrow to watch the Santa Claras and Lulus.

may make a trial for a back field position. Alvin Melim will be back at the center position, and with Frank Tyau, Thompson, Lujan and Souza the line should shape up well. Gordon Ross and Needham are two men who weigh over 185, and would make strong line material both would make a good year, but the gridiron stars believe that when the season rolls around McKinley will be represented by a good squad.

One thousand students at Erasmus Hall High school, Brooklyn, engaged in rioting when teachers locked the gates to prevent them from obtaining their lunch outside.

LOCAL BOYS WILL GO AFTER ALL NATIONAL RECRDS AT Y. M. MEET

Leading Swimmers of Honolulu Will Take Part in Program on Saturday Evening—Kelli, Sensational Performer, Will Enter Events Against George Cunha, Clarence Lane, "Stubby" Kruger and Other Stars—Quartet Will Try for Relay Record

Nearly all of the entries for the Y. M. C. A. swimming meet Saturday night are in and they show the best talent the locals can produce outside of Duke himself. The last event of the program is a four hundred yard relay by a picked team, and today George Cunha, accepted fourth position on the team which will swim against time.

The four men picked to do the race are Harold Kruger, Clarence Lane, John Kelli and George Cunha. They have set out to do a big job, for they are challenging the mark hung up by the Illinois Athletic Club in their home tank which is the same length as the local Y. M. C. A. bath. The time made by the Illinois team and which now stands as the American amateur championship time is 3 minutes 45 3-5 seconds.

Many Smash Record. The local men have never swam together as a relay team, but each one is in at least the one minute class, and some of the local dopesters have it that the four men picked can come very near breaking the Illinois mark. The only disadvantage is the fact that the event is the last one on the program, and therefore comes after the men have put their best into one, two or three races.

The entry list shows John Kelli entered for every event. He has the option of scratching any event, and yet when seen yesterday, said he was going in for most of the race events. Clarence Lane is entered for the 20,

50, 100 and 440, while Stubby Kruger is down for the 100 yard backstroke and the 440 yard swim.

Kelli Coming Star. This is a great trio, for Kelli is the coming short distance swimmer, and Saturday night ought to do his best in the 20 and 50 yards. In a tryout at the association tank last night he did the 20 yards somewhere under 9 seconds. A stop watch held on him showed 8 1-5, but there was nothing official about the timing. Nevertheless, it showed Kelli a very fast 20 yard man. He lights flat on the water and does not wait for his plunge before getting under way with his arms. Lane is probably the fastest 75 and 100 yard man entered, while Kruger finds his specialty in the 320, 440 and backstroke. In the latter, Stubby believes he can cut something off the national A. L. N. A. record.

Diving on Bill. Not only racing but plenty of entertainment is on Saturday night's program. Bob Fuller, Carl Krebs and Clair Tait are on the bill for a classy diving exhibition. Fuller again proved himself the local champion diver when he retained his laurels in the late A. A. U. handicap meet.

George Cunha's exhibition of swimming racing strokes will be very classy and entertaining. The boys' department will provide two novelty events to keep everyone happy. In all the classic program yet put on at the association pool is planned and a large crowd is expected.

AIEA TOSSERS SHOW UP WELL LEAGUE GAMES

Sugar League Teams Play Good Ball; Ross Pitches Good Game Against Ewa

Baseball is creating much interest at Ewa at present, and the same may be said for Waiapahu and Aiea. The Sugar League players are sweet on the grand old game, and each Saturday and Sunday finds a contest that creates as much interest as the league games in Honolulu.

That there are any number of fans in the Sugar League territory is evidenced by the crowds which turn out at the games. Ewa has been leading the league, but both Aiea and Waiapahu are close behind, and the next game may upset things considerably. The games as a rule have been well played, and the Oahu and Junior League managers are now on the still hunt for the ivory in the Saccharine circuit.

Ross Makes Good. Gordon Ross is now located at Aiea, and has been pitching good ball. Last Sunday he held the Ewa team to seven hits and also hit 500 for the day. Ross will pitch for Punahou on Saturday against the Nippons of the Junior League. He should have an excellent chance to win the first game for the Punahou squad.

Numbered on the team are a collection of ball players who have been making a good record at Aiea. Ferreira has been hitting in good shape, and M. Cabral, batting in the clean up position, has been hitting the ball hard
